

Title of the communication

G rard LAURENT^{a*}, Arne LARSSON^b

^a*EDF CIDEN, 154 avenue Thiers, 69009 Lyon, France*

^b*Studsvik, Studsvik address*

**corresponding author: gerard.laurent@edf.fr*

Keywords: decommissioning, characterization, waste management, regulatory framework.

The abstract should be 1 to 2 page long. It should provide the context, the objectives, and originality of the reported research, followed by a brief summary of the methods, the main results and future works.

Equations can be inserted, in Times and Symbol 10pts, on the left and numbered on the right as follows:

(1)

Figures are numbered in the order they appear. A list of styles specifically designed for this abstract should apply.

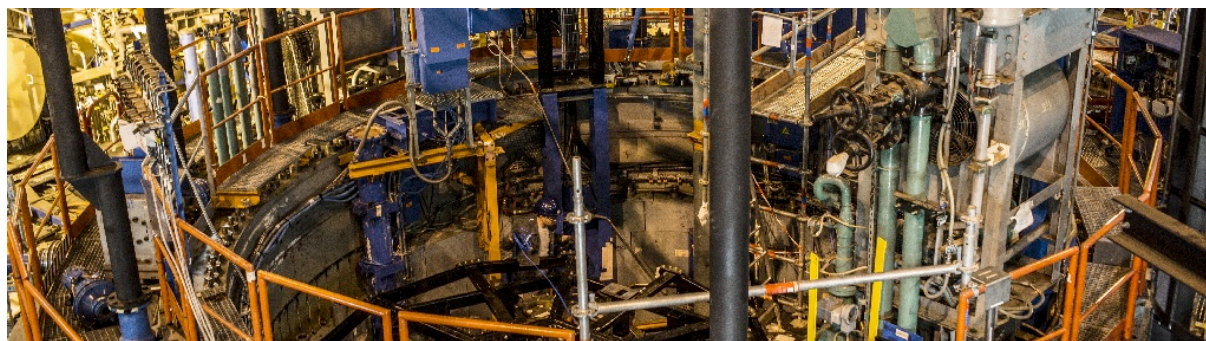

Figure 1: Creys Malville site under decommissioning (EDF-Sophie Brandstrom)

The list of references should be given in the dedicated section. A reference should be cited in the text following the number of appearance. Any references must be given in full with abbreviated labelling of journals [1-2]. Standard reference styles are provided in the list below for journal articles [1-2], conference proceedings [3] and books [4].

We thank you very much for following this template and for providing it in either Word file format, or PDF file format (active pdf file format and not printed pdf file format, allowing for comments). Should you have any question, please send an e-mail to the corresponding author of the present abstract or to arne.larsson@studsvik.se.

We are looking forward to receiving your abstract. It will be reviewed by the Scientific Committee which will help deciding on its acceptance, either for oral or for poster presentation. We hope to see you in Lyon next February.
